- ✓ The Original, Patented Designs CTB®V2, TC3®V1, & CTS®V1
- ✓ Designed by a 24-year Recon Veteran

**Recon
Mountaineer®**

Recon Mountaineer® LLC, established in 2002, has provided First Responder medical bags to Homeland Security and Department of Defense Agencies. Our products have been used extensively in Afghanistan and Iraq, and in first-response situations around the world. Our unique, patented designs, derived from real-life experience, are made of the strongest material and Master Manufacturing techniques currently available.

Our CTB®V2, TC3®V1, and CTS®V1 Medical Bag Systems feature extra-wide straps that allow the bags to be worn over the shoulder or around the waist. In addition, the strap holds the bag in place when adjusted to the front for easy access. We look forward to continually providing high-quality products for our First Responders.
